

BARGAINING REPORT #3

2011 NEGOTIATIONS WITH BELL ALIANT FOR CEP CRAFT & SERVICES MEMBERS

December 9, 2011

Brothers and Sisters,

Bargaining continued this week between the Union and Employer. Progress has been made, but there is still a lot of work to do on issues like job postings, reclassification and vacations.

The parties will convene next week to continue our work.

As indicated in our previous reports, as this process continues, there will no doubt be rumours in the field along with managers asking your opinion. We ask that you do not engage in these types of activities as they can negatively impact the work being done by your Committee during the bargaining procedure.

The Union demands as well as the Employer demands can be found on the CEP National website www.cep.ca

We thank you for your continued support.

Strength Through Unity

Your Bargaining Committee

Dave Hicks	Armand Maltais
Brent MacMillan	Mario Masse
Drew Wickens	Jose Vincent

National Representatives:

Maureen Dawson, Richard Chaumont, Shawn Cowan, and Olivier Carriere
